Mission Statement of the Adirondack Scholarship Foundation:

The Adirondack Scholarship Foundation is a not-for-profit organization dedicated to enriching the lives of children, regardless of race, gender, or orientation, by providing them with tuition assistance to Pok-O-MacCready Camps, as well as facilitating access to other Adirondack children's camps and institutions. In a world increasingly dominated by virtual interactions and disregard for the environments in which we live, we believe there is a formative power in this unique Adirondack summer camp experience that promotes stewardship, builds character, and forms friendships that last a lifetime.
